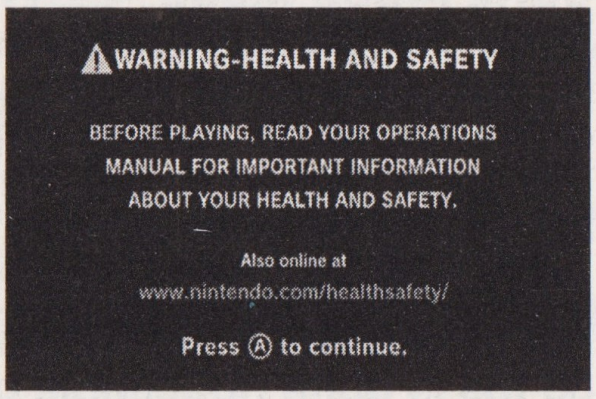
Getting Started

Insert the HOUSE OF THE DEAD 2 & 3 RETURN™ Disc into the Disc Slot. The Wii™ console will switch on. The **Health and Safety Screen**, as shown here, will be displayed. After reading the details press the A Button. The **Health and Safety Screen** will be displayed even if the Disc is inserted after turning the Wii console's power on.

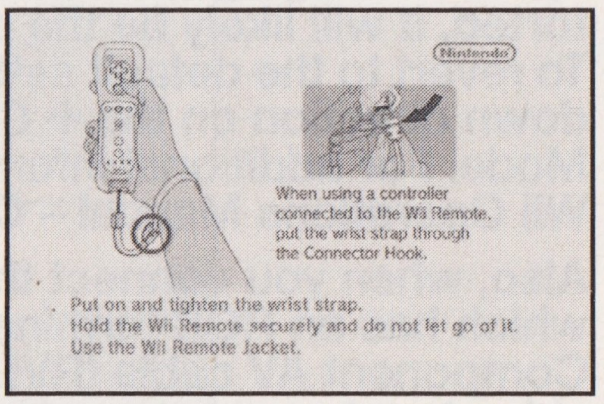


⚠WARNING-HEALTH AND SAFETY
BEFORE PLAYING, READ YOUR OPERATIONS MANUAL FOR IMPORTANT INFORMATION ABOUT YOUR HEALTH AND SAFETY.
Also online at
www.nintendo.com/healthsafety/
Press Ⓐ to continue.

Point at the **Disc Channel** from the Wii Menu Screen and press the A Button.

The **Channel Preview Screen** will be displayed. Point at START and press the A Button.

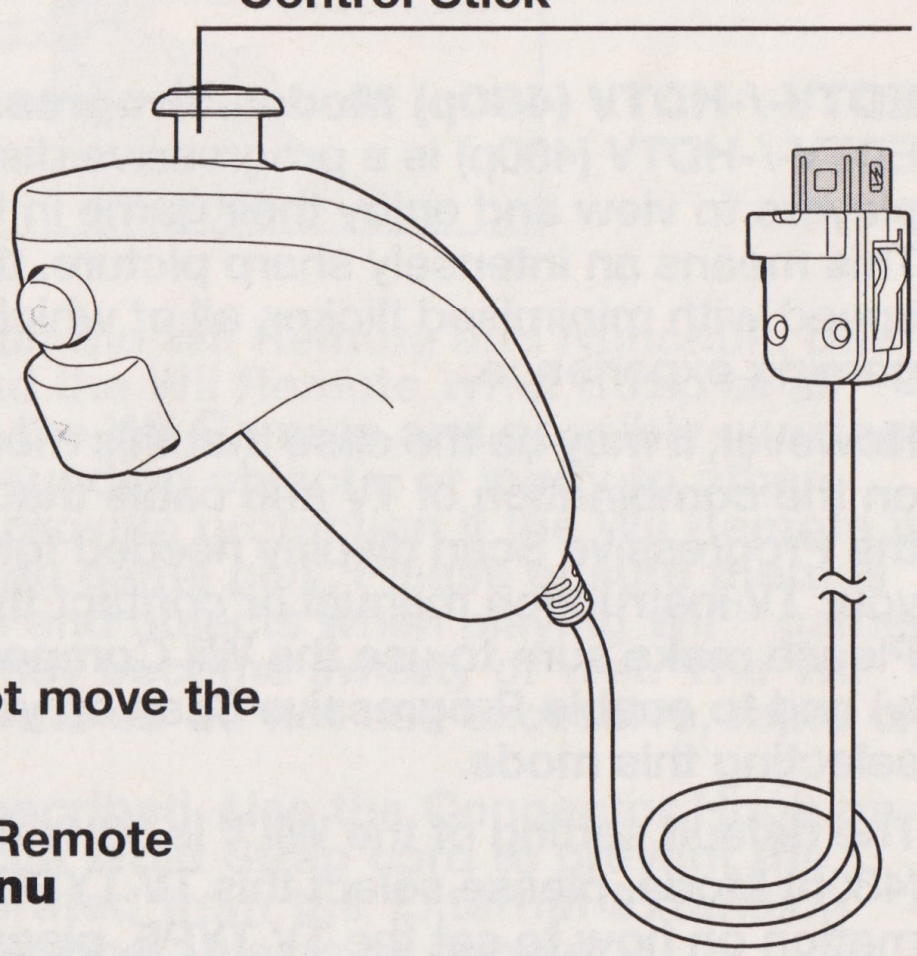
The **Wii Remote™ Wrist Strap Information Screen** will be displayed.
Tighten the strap around your wrist, then press the A Button. The **Title Screen** will be displayed.



When using a controller connected to the Wii Remote, put the wrist strap through the Connector Hook.
Put on and tighten the wrist strap.
Hold the Wii Remote securely and do not let go of it.
Use the Wii Remote Jacket.

Nunchuk™ Neutral Position Reset

NOTE: If the Control Stick is moved out of neutral position when the power is turned on, or when connecting to the Wii Remote™, that position will be set as neutral position, causing incorrect game control during gameplay. To reset the Control Stick, allow it to return to the normal neutral position, then simultaneously hold down the A, B, Plus (+) and Minus (–) Buttons on the Wii Remote for three seconds.

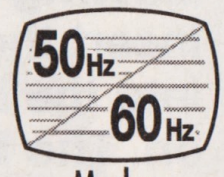


To prevent this from occurring, do not move the Control Stick when:

- Turning on the Wii™ console
- Plugging the Nunchuk into the Wii Remote
- Starting Channels from the **Wii Menu**
- Returning to the **Wii Menu** from games or Channels.

The in-game language depends on the one that is set on your Wii™ console. This game includes five different language versions: English, German, French, Spanish and Italian. If your Wii console is already set to one of them, the same language will be displayed in the game. If your Wii console is set to a different language than those available in the game, the in-game default language will be English. You can change the in-game language by changing the language setting of your Wii console. For further instructions about how to change language settings please refer to the Wii Operations Manual – Channels & Settings.

60Hz (480i) Mode



Modes Supported

Many people don't know what the difference between 50Hz and 60Hz is, but since most modern TV models support 60Hz it's definitely worth finding out if your TV is compatible. In basic terms, Hz (Hertz) is related to the number of frames per second (fps) appearing on your screen.

50Hz produces 25 fps and 60Hz produces close to 30 fps, which may not sound like a big difference, but the increase in quality from 25 to around 30 fps is quite noticeable on-screen. With 60Hz you get a smoother game screen with less flicker and the game running at optimal speed, all of which produces a great gaming experience.

The default setting of the Wii™ console is 50Hz (576i) Mode. To change this, activate 60Hz (480i) Mode by selecting this TV TYPE in the Wii Settings. However, certain (mainly older) TV sets are unable to display games in 60Hz (480i) Mode, and therefore a small number of players could experience difficulties using this display mode on their TVs. To find out if your TV set features 60Hz (480i) Mode, consult your TV instruction manual or contact the manufacturer.

If, after changing the setting to 60Hz (480i) Mode, the screen appears blank or distorted, it will likely be the case that your TV does not support 60Hz (480i) Mode. To revert to the default setting, press RESET on the Wii console while holding the down direction on the ✚ Control Pad, and the Wii system will restart in 50Hz (576i) Mode. For additional information on how to set the TV TYPE, please refer to the Wii Operations Manual – Channels & Settings.

Also, when you connect the Wii RGB cable (RVL-013) (sold separately) to a TV which has an RGB terminal and PAL60 compatibility, or you connect the Wii Component AV cable (RVL-011) (sold separately) to a TV which has component video inputs, you can enjoy an intensely sharp picture on-screen.

EDTV-/-HDTV (480p) Mode – Progressive Scan

Compatible

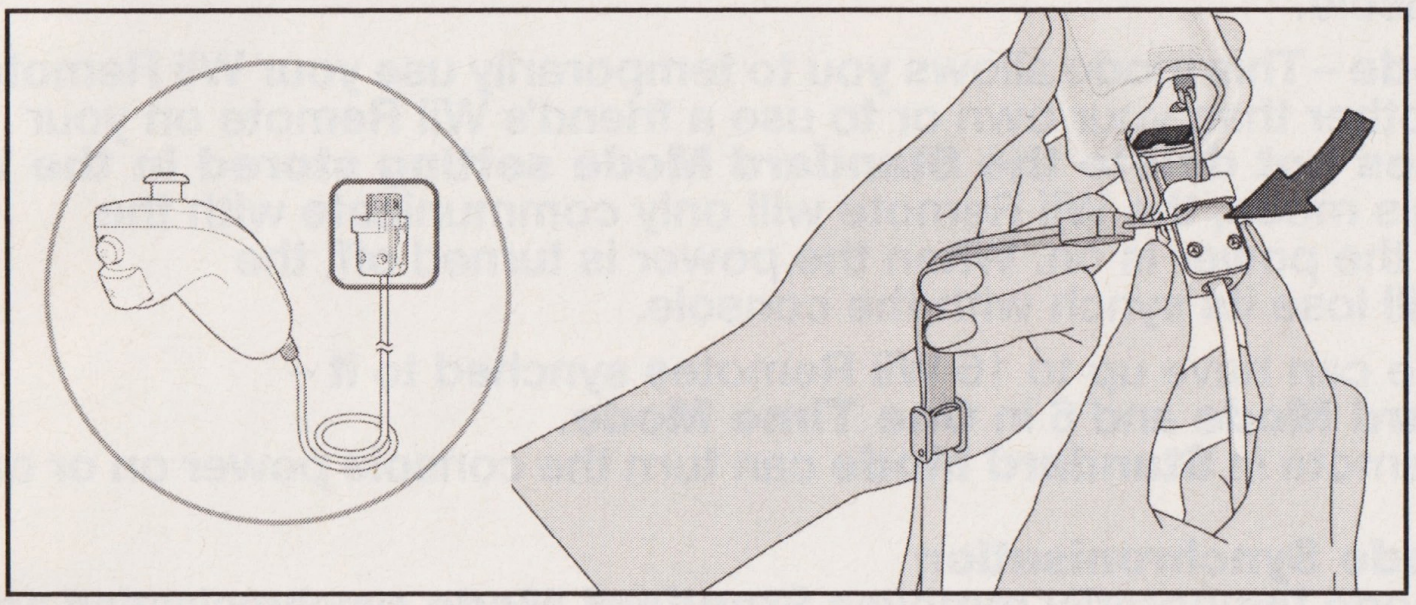
EDTV-/-HDTV (480p) is a progressive display mode that allows players to view and enjoy their game in the best possible quality. This means an intensely sharp picture, the game running at optimal speed with minimised flicker, all of which produces a great gaming experience.

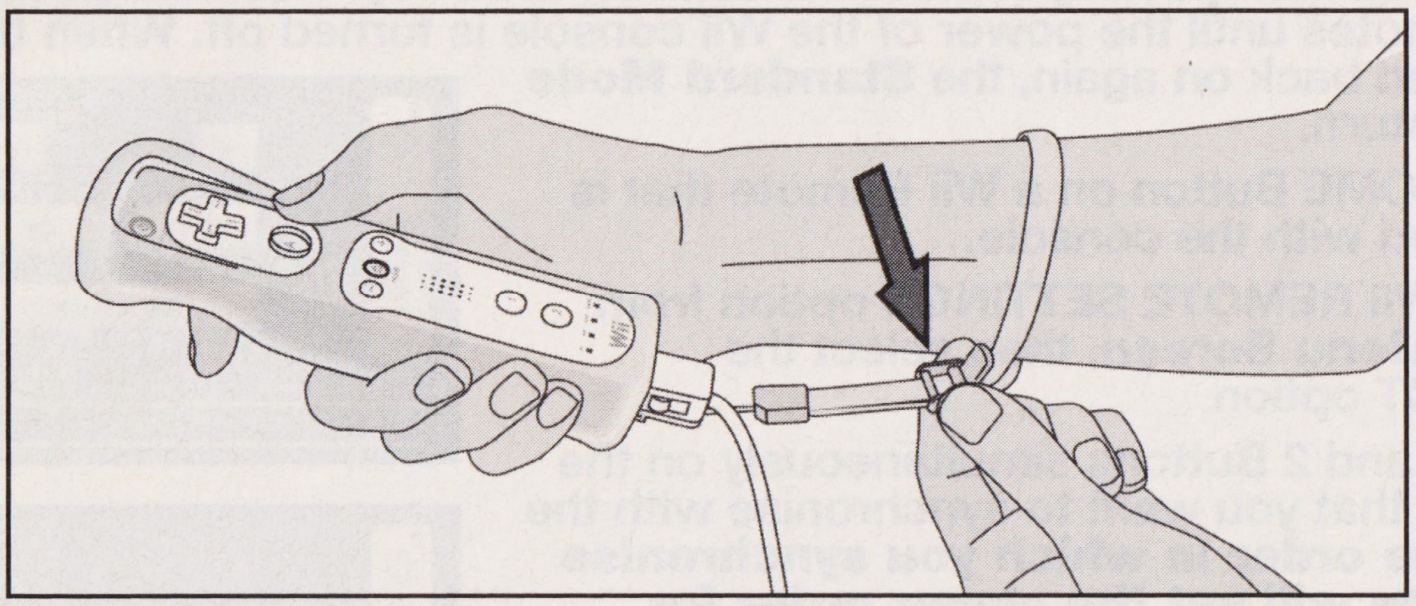
However, it may be the case that this mode cannot be displayed, depending on the combination of TV and cable that you use. To find out if your TV supports the Progressive Scan display needed for the EDTV-/-HDTV (480p) Mode, consult your TV instruction manual or contact the respective manufacturer for details. Please make sure to use the Wii Component AV cable (RVL-011) (sold separately) and to enable Progressive Scan on your display device when selecting this mode.

The default setting of the Wii™ is 50Hz (576i) Mode. To activate EDTV-/-HDTV (480p) Mode, please select this TV TYPE in the Wii Settings. For additional information on how to set the TV TYPE, please refer to the Wii Operations Manual-– Channels & Settings.

CAUTION – USE THE Wii REMOTE™ WRIST STRAP

Feed the cord on the Wii Remote Wrist Strap through the Connector Hook. Insert the Nunchuk™ plug into the External Extension Connector on the bottom of the Wii Remote. Place your hand through the Wii Remote Wrist Strap and hold the Wii Remote firmly in your hand. Slide the strap lock up so that the wrist strap will not fall off your wrist. Do not over-tighten the strap lock so that it's uncomfortable. It should just be tight enough to hold the Wii Remote Wrist Strap in place.





CAUTION: Always keep a firm grip on the Wii Remote and Nunchuk. Use the Wii Remote Jacket (RVL-022) and the Wii Remote Wrist Strap at all times to prevent losing your grip on the Wii Remote and possibly causing damage to the Wii Remote and surrounding objects, or injury to other people. The Wii Remote Jacket will provide protection if the Wii Remote is accidentally thrown or dropped during game play. Please ensure there is sufficient distance from other people and objects when playing Wii™ games. Stop playing and dry your hands if they become sweaty or wet. The Wii Remote responds to minor movements so do not use excessive, rapid or wide swinging motions.

Be sure to install the Nunchuk as described. Use the Connector Hook on the Nunchuk plug with the Wii Remote Wrist Strap cord to prevent the Nunchuk plug from becoming separated from the External Extension Connector on the Wii Remote and striking objects or people.

WARNING: Not suitable for children under 36 months of age. The Wii Remote Wrist Strap and the cord of the Nunchuk can coil around the neck.

Synchronising your Wii Remote™ with the Wii™ console

Synchronising the Wii Remote is necessary to use it with the Wii console. The Wii Remote included with your Wii console has already been synchronised with the console. The **Standard Mode** procedure is used when adding additional Wii Remotes to your system or if you want to re-synchronise your original Wii Remote. This procedure allows the Wii Remote to communicate with the console.

Standard Mode – Once synchronised, the Wii Remote will stay synched to the console unless you overwrite this setting by synching the Wii Remote to a different console.

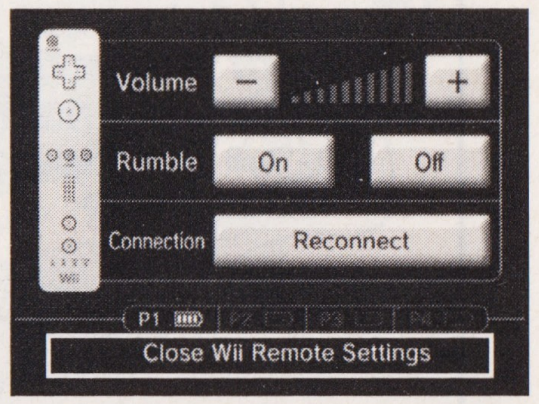
One Time Mode – This mode allows you to temporarily use your Wii Remote on a console other than your own or to use a friend's Wii Remote on your console. **It does not delete the Standard Mode setting stored in the Wii Remote.** In this mode, the Wii Remote will only communicate with the console while the power is on. When the power is turned off, the Wii Remote will lose its synch with the console.

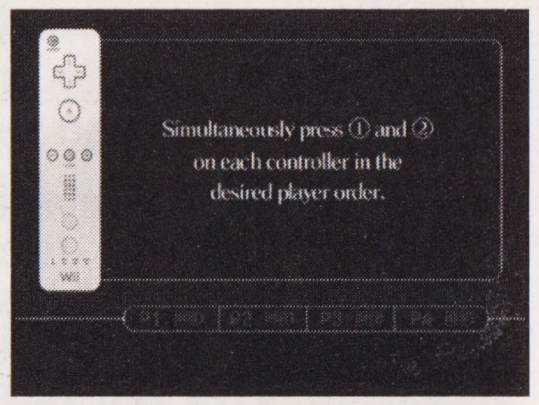
- A Wii console can have up to 16 Wii Remotes synched to it – 10 in **Standard Mode** and 6 in **One Time Mode**.
- Only a Wii Remote in **Standard Mode** can turn the console power on or off.

One Time Mode Synchronisation

NOTE: This mode temporarily removes **Standard Mode** synchronisation setup for all Wii Remotes until the power of the Wii console is turned off. When the power is turned back on again, the **Standard Mode** settings will return.

1. Press the HOME Button on a Wii Remote that is synchronised with the console.
2. Select the Wii REMOTE SETTINGS option from the **Home Menu Screen**, then select the RECONNECT option.
3. Press the 1 and 2 Buttons simultaneously on the Wii Remote that you want to synchronise with the console. **The order in which you synchronise Wii Remotes will set the player order for multiplayer games.**
4. The Player LED will blink during the synching process. Hold the buttons down until the blinking stops which indicates that the connection is complete.





For more information please refer to the Wii Operations Manual – System Setup.

Thank you for purchasing THE HOUSE OF THE DEAD™ 2 & 3 RETURN. Please note that this software is designed only for use with the Wii™. Be sure to read this instruction booklet thoroughly before you start playing.

Story

As a special agent in the AMS, you have full access to the top secret events that occurred as a result of Dr. Curien's daring scientific experiments. Please familiarize yourself with this very peculiar case.

December 1998
It is unclear if Dr. Curien's latest experiment was intended to wipe out mankind or whether it was a horrible accident. Agents Thomas Rogan and G were dispatched to the Curien mansion where they encountered Dr. Curien's "masterpiece" - a horrific creature named "Type00 Magician." Regrettably, the creature cost the doctor his life. The matter was resolved by Agents Thomas Rogan and G.

February 2000
Violent rioting was reported in a small town and Agents Gary and James were sent to stabilize the situation. Strange findings similar to those in the Curien case were found and traced to a man known only as Goldman. It is possible there is a link between the two cases. More evidence is needed.

2002
An urgent, official request was received from the government of an unspecified country; all available agents were sent to investigate "bizarre" occurrences. Soon after, more events of this nature were reported from several countries around the world.

2003
The events of 2002 were not in fact concluded and incidents with horrific creatures are now widespread around the globe. Paranoid citizens must be controlled, as disorder and chaos are commonplace. The cause of these events is still unknown, but the overall effects have been devastating on a global level.

October 2019
Survivors identify the EFI Research Facility as the force behind the world collapse. Recognizing the urgency of the situation, AMS authorities send in former agent Thomas Rogan. Within moments, however, all contact is lost with Agent Rogan. A non-stop search is in progress.

October 31, 2019
Agent G and Lisa Rogan, daughter of Thomas Rogan, are dispatched to the EFI Research Facility where they encounter apocalyptic conditions. Astonishing facts, previously concealed, lead them to an unexpected confrontation and a conclusion that will change everything. Details cannot be revealed at this time.

Controls

This game is played using the Wii Remote™ alone or with the Nunchuk™. See the Wii Operations Manual for details on how to connect the Wii Remote and the Nunchuk. Note also that the Wii Remote will provide audio and rumble functionality which can be adjusted from the HOME Menu.

AIMING AND RELOADING

During the game, a target cursor will appear when you point your Wii Remote towards the TV screen. This target will be used to aim at the enemies. To aim, simply point the Wii Remote towards the desired area.

If you run out of ammunition, you can reload by aiming off the screen.

PAUSE MENU

Press the + Button during the game to pause the game and open the Pause Menu. You can either press the + Button again to resume the game, or select from the following menu items:

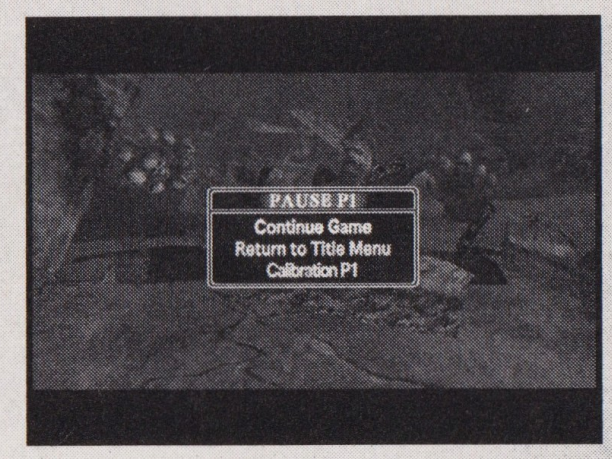
Continue Game. . . . . Resume gameplay.

Return to Title Menu. . . Quit the game.

Calibration P1 . . . . . Calibrate Player 1's Wii Remote.

Calibration P2 . . . . . Calibrate Player 2's Wii Remote.

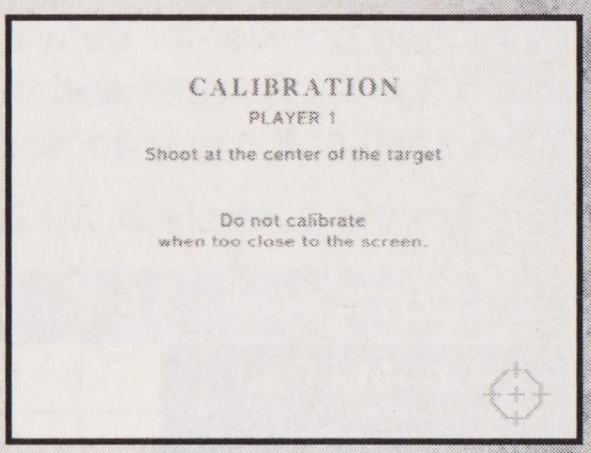
✸ Only the player who paused the game can calibrate his/her Wii Remote.



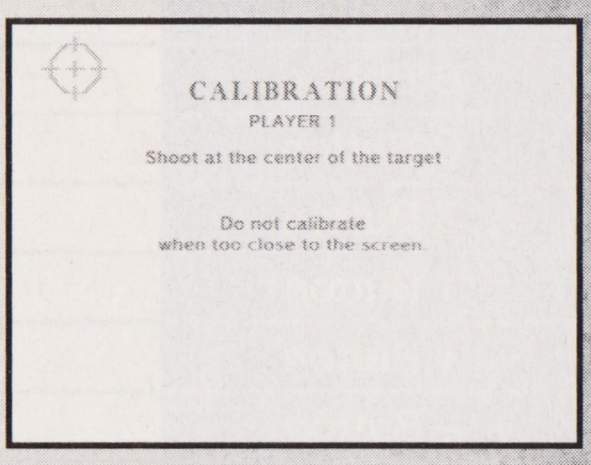
Wii Remote Calibration

The calibration of the Wii Remote is performed separately for Player 1 and Player 2. You can access the Calibration Screen from the Options Screen or from the Pause Menu during the game.

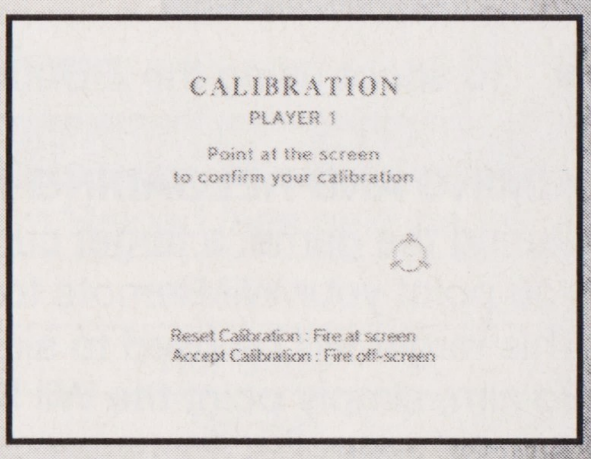
STEP 1
Point the Wii Remote/Wii Zapper at your television screen. A target will be displayed at the lower right corner of the screen. Aim and shoot at it.



STEP 2
Next, the target will be displayed at the top left corner of the screen. Aim and shoot at it.



STEP 3
When you point at the screen, the target cursor will move towards wherever you aim within the screen. Point off-screen, and the target cursor disappears. Aim off-screen and shoot to confirm and exit. If you don't confirm, aim at the screen and shoot to repeat the steps.



Starting the Game

Press the A/B/Z Button to display the Game Select Menu. Use the +Control Pad/Control Stick up/down to select the game to play (**THE HOUSE OF THE DEAD 2** or **THE HOUSE OF THE DEAD III**). From the Main Menu of the selected game, use the +Control Pad/Control Stick up/down to select the mode.

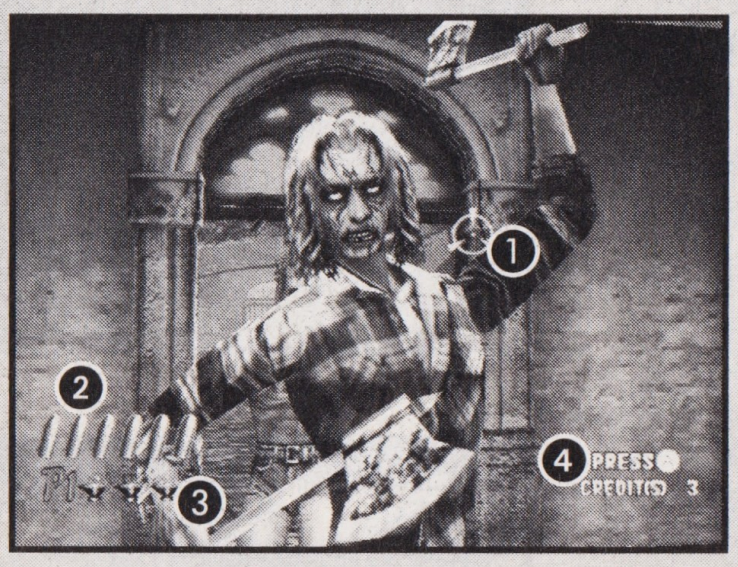
NOTES ON TWO-PLAYER PLAY

Some modes can be played with two players together as a team. To start the two-player play, have Player 1 start the game, then Player 2 press the A Button to join in. The Continue Credits will be shared by both players.

THE HOUSE OF THE DEAD 2

GAME SCREEN



❶ Target Cursor
Indicates where you are aiming.

❷ Remaining Bullets
The number of bullets left. Reload before you run out!

❸ Life
This is reduced when you take damage or mistakenly harm a civilian. Life increases with special items. When your Life runs out, the Continue Message will be displayed.

❹ Credit(s)
The number of available Continues. When all Credits have been used up, the game is over.

❺ Boss Life Gauge
This gauge falls when the boss takes damage. When the gauge reaches zero, the boss is defeated.

❻ Time
Shows the time taken to defeat the boss during the Boss Mode (p.15).

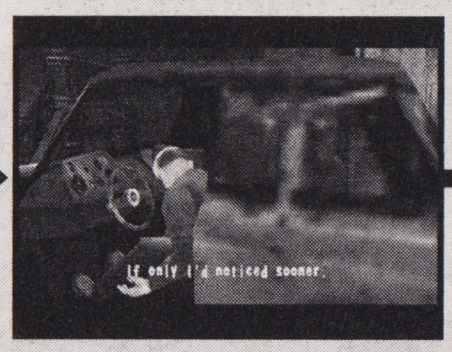
✷ With two-player play, the Bullets and Life for Player 2 will be displayed on the right side of the screen.

BRANCHING STORY SYSTEM

This game uses a "branching story system" in which the course of events is affected by the actions taken by the player. Consequently, even the most veteran players can find something new in the course of gameplay.

For Example:
Townspeople are being attacked by zombies!

Rescue succeeds!



Rescue fails...

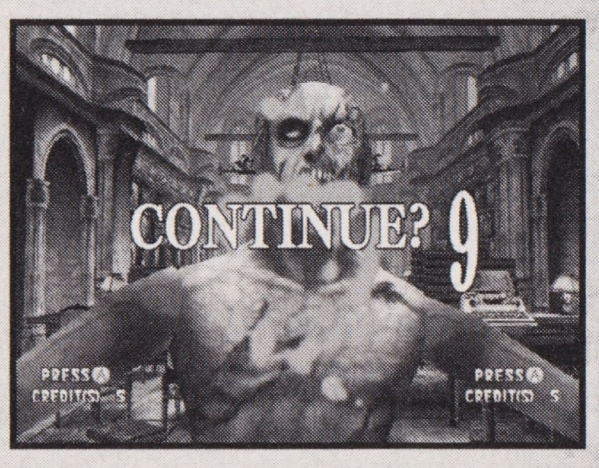
Arcade Mode

This mode is a faithful reproduction of the arcade version of THE HOUSE OF THE DEAD 2.

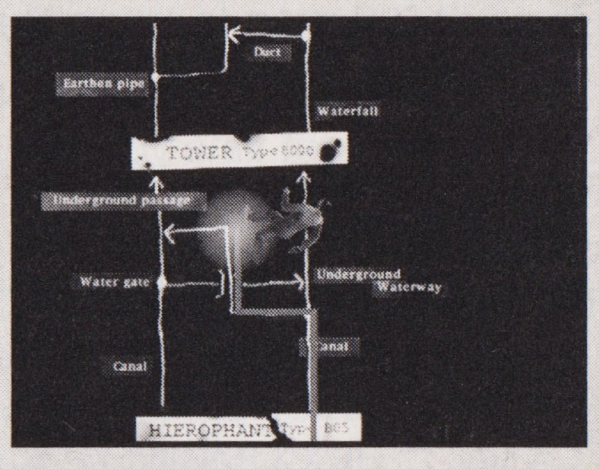
GETTING STARTED
Select Arcade Mode from the menu screen and press the A/B/Z Button. The game starts after the opening sequence.

CONTINUE/GAME OVER
When your Life runs out, the Continue Message will be displayed. You may continue by pressing the A/B/Z Button before the count reaches zero. But when you run out of Credits, the game is truly over!

✷ You can quicken the count by pressing 1/–/C Button.

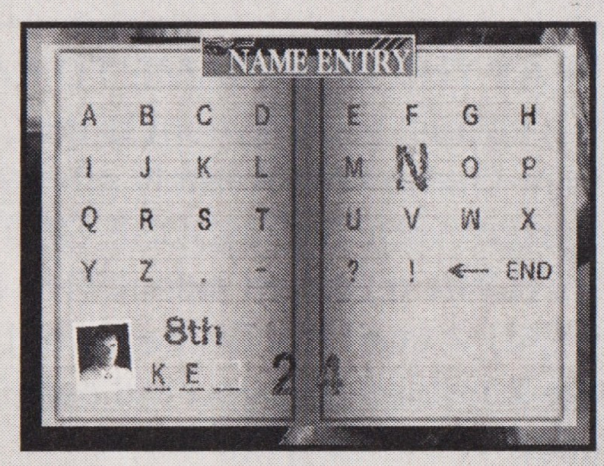


THE PATH SCREEN
After the game is over, the Path Screen is displayed and the courses you have followed so far are shown.



SCORE SCREEN/GAME CLEAR SCREEN
Once a Chapter has been cleared, the Score Screen is displayed, and the following statistics are shown. When all Chapters have been cleared, you will be judged on your overall performance.

HI-SCORE ENTRY
The Name Entry Screen is displayed if your record in Arcade, Original or Boss Mode is among the top ten. Enter three letters for your name before the count reaches zero. Select "←" to return to the previous letter. Select **END** to register your name.

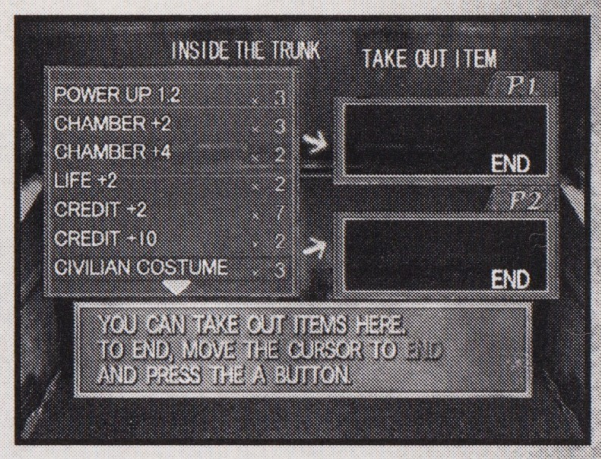


Original Mode

Collect items to help you clear the levels. Original Mode is ideal for anyone who feels that the Arcade Mode is too difficult.

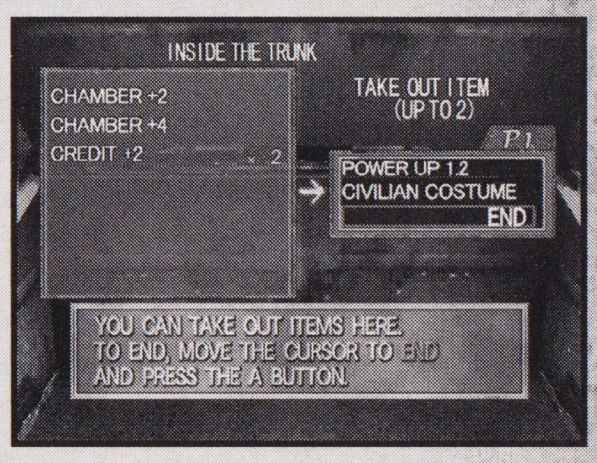
ITEM SELECTION SCREEN

Use this screen to choose which items to equip. With one-player play, up to two items may be carried at once. With two-player play, each player can carry only one. Use the +Control Pad/Control Stick up/down to select items from the Trunk and press the A/B/Z Button to move items to the Equipped Items Window.



When the allowed number of items have been selected, the cursor moves to **END**. To change the item currently equipped, use the +Control Pad/Control Stick up/down to select an item and press the A/B/Z Button to return the item to the Trunk.

✷ Once the item is used, it will disappear from the list the next time you play.



USING ITEMS TOGETHER

Some items reveal extraordinary characteristics when used together, but some items cannot be used together (in which case the message “THESE ITEMS CANNOT BE COMBINED” is displayed). Try to figure out which combinations work best!

OBTAINING ITEMS

Items are hidden in barrels, drums, and other locations. Shoot containers to reveal items, then shoot an item to obtain it. Items obtained are stored in the trunk.

PLAY THE MINI-GAME TO EARN ITEMS

If a certain requirement is met, you will play a Mini-Game immediately after you start up the system with THE HOUSE OF THE DEAD 2 & 3 RETURN disc and select THE HOUSE OF THE DEAD 2 from the Game Select Screen. Fight off the zombies and you will earn items that can be used in the Original Mode.

The mini-game may be skipped by pressing 1/–/C Button.

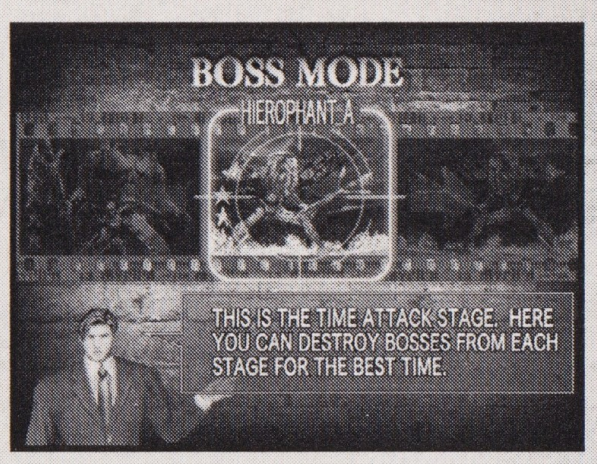
Boss Mode

Take on the bosses of each Chapter and destroy them in the shortest time possible. This mode is for one player only.

BOSS SELECTION SCREEN

Use the +Control Pad/Control Stick left/right to select a boss. If the selected boss has multiple stars, use the +Control Pad/Control Stick up/down to select the amount (see below). The more stars a boss has, the more difficult it will be to defeat them. Press the A/B/Z Button to begin a boss fight.

Press the 1/–/C Button to exit the mode.



JUDGMENT	Chapter 1 Boss
HIEROPHANT A/B	Chapter 2 Boss
TOWER A/B	Chapter 3 Boss
STRENGTH A/B	Chapter 4 Boss
MAGICIAN	Chapter 5 Boss

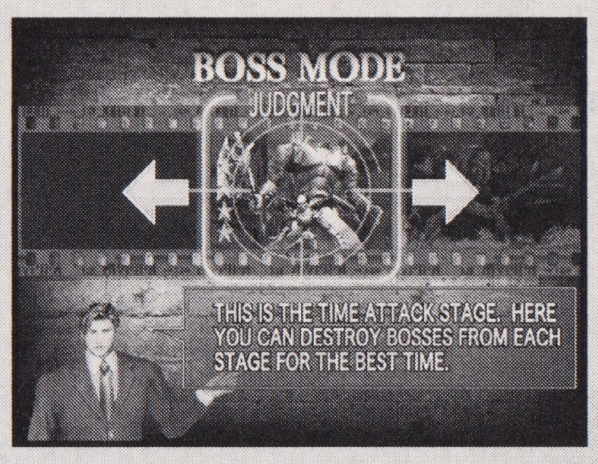
- The location at which the A/B bosses will appear varies according to the route that you take during Arcade Mode or Original Mode.
- Additional selections become available, if certain requirements are met.

GAME OVER

The game ends when your character runs out of Life. There are no Continues in this mode.

INCREASING STARS

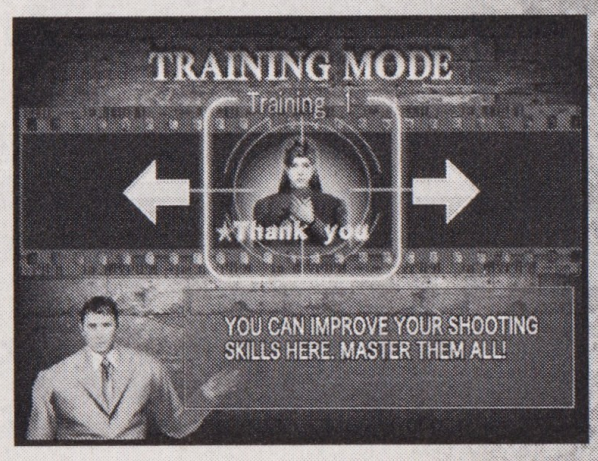
The number of stars indicates the highest difficulty level of the Boss selected. When selecting the session, choose the number of stars for the difficulty level you wish to play in. If you defeat the boss at their highest level of difficulty, another star will be added. The five red stars indicate that you have successfully cleared the Boss at their most difficult level.



Training Mode

Hone your gameplay techniques in this mode. The techniques you practice range from the basics to advanced tactics. This mode is for one player only.

TRAINING SELECTION SCREEN



Use the +Control Pad/Control Stick left/right to select a training session. James will describe the type of training. If there are two or more stars for the selected training, use the +Control Pad/Control Stick up/down to choose between them. Press the A/B/Z Button to start the training. When you enter the Training Mode for the first time, only **Training 1** is available.

Press the 1/–/C Button to exit the mode.

TRAINING CLEAR/CONTINUE

After a training session is cleared, the message "Success" will be displayed. Press the A/B/Z Button to return to the Training Selection Screen. If the training is not cleared, the Continue Screen will appear. Use the +Control Pad/Control Stick left/right to select one of the following options:

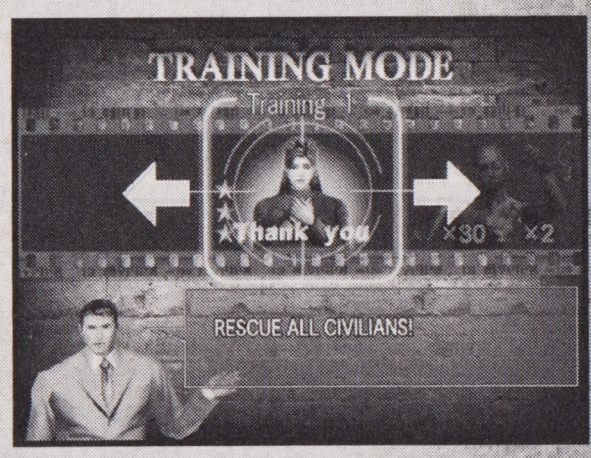
AGAIN . . . Try again.

QUIT . . . . Quit the training and return to the Training Selection Screen.

INCREASING TRAINING SESSIONS AVAILABLE

If you clear the most advanced training session available, more training sessions will be unlocked.

INCREASING STARS FOR A SESSION



Clear a training session and a star like the one on the lower right will appear. The stars indicate the difficulty level — difficulty increases with the number of stars. Clear a training session at the highest difficulty level currently available to increase the number of stars for that session.

Items

There are various items to be found in the Arcade Mode and Original Mode. Here is an introduction to some of the items:

First Aid Kit

ARCADE **ORIGINAL**

EXPLANATION OF THE TAGS

ARCADE An item found in Arcade Mode.

ORIGINAL An item found in Original Mode.

✸ The Power-Up Items found in Original Mode cannot be used in Arcade Mode.

THE HOUSE OF THE DEAD III

GAME SCREEN

❶ Target Cursor
Indicates where you are aiming.

❷ Remaining Shells
The number of shells left. Reloading refills the gun with the maximum number of shells.

❸ Life
This is reduced when you take damage from zombies. Life increases with special items and on the successful completion of "Teamwork Events" (see p.19). When all Life runs out, the Continue Message will be displayed.

❹ Credit(s)
The number of available Continues. When all Credits have been used up, the game is over.

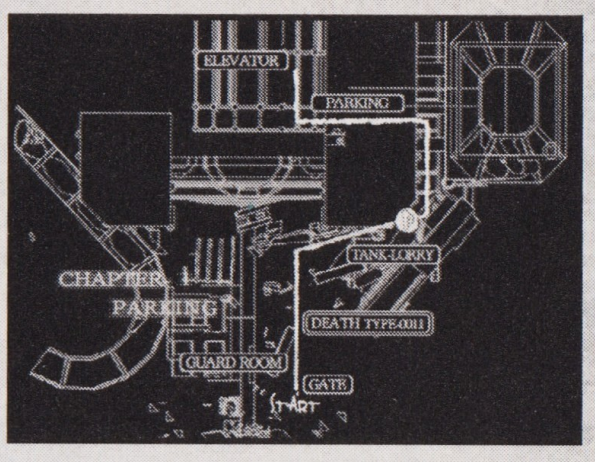
❺ Boss Life Gauge
Decreases when the boss takes damage. When the upper gauge reaches zero, the boss is defeated. The lower gauge falls when specific targets are hit, and once the lower gauge reaches zero, the boss' attack can be stopped if you drain his health before the next attack.

❻ Time
Displayed when playing in Time Attack Mode, indicating the time remaining. The game ends when the time reaches zero. Time decreases when you take damage from monsters and increases when creatures are destroyed quickly, as items are acquired, and after the successful completion of "Teamwork Events" (see p.19).

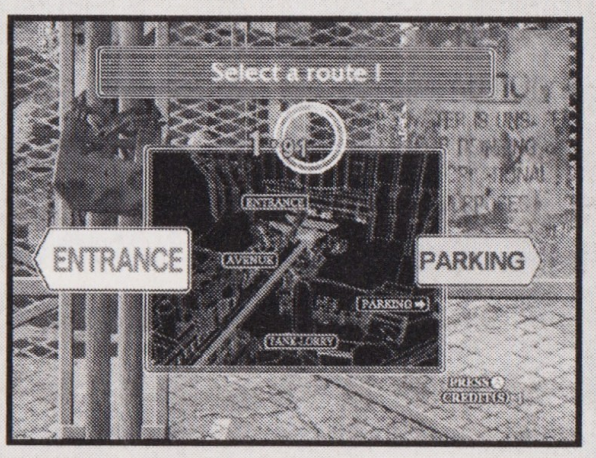
✸ With two-player play, the Shells and Life for Player 2 will be displayed on the right side of the screen.

BRANCHING STORY SYSTEM

The course of the game is affected by the actions taken by the player. The story changes based on the course chosen. Discover the whole story by playing through all possible paths!



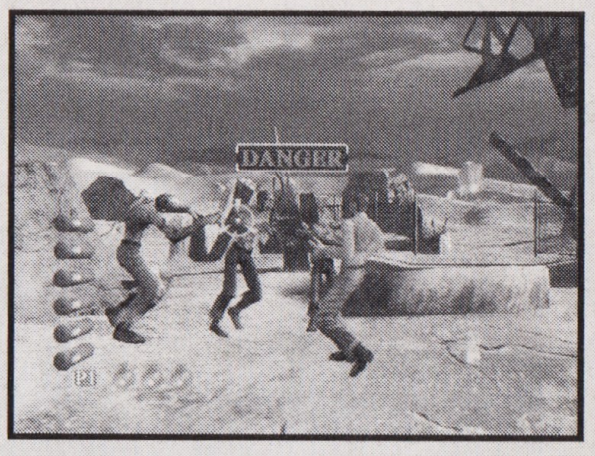
The system differs from THE HOUSE OF THE DEAD 2 in that you will be asked to select a route at a point where the branching occurs. To select, either point at the route to take, or use the +Control Pad/Control Stick to highlight the route. Press the A Button or shoot to proceed with the route.



TEAMWORK EVENTS

In the course of the game, players working side by side will sometimes find themselves in dangerous situations. When, for example, one player is trapped by zombies, it is up to the remaining player to defeat the zombies before their partner is attacked. Rescuing your partner will result in a bonus. In Arcade Mode, you will both receive another Life, while in Time Attack Mode, you both receive more time.

- Even if the player in trouble is attacked before he/she can be rescued, he/she will not die, nor will his/her current time be reduced.
- Your shots will not harm the player in trouble.



Defeat the zombies with the **DANGER** mark to carry out a successful rescue.

Arcade Mode

This mode is a faithful reproduction of the arcade version of THE HOUSE OF THE DEAD III. Clear all Chapters without using up your Life. Life decreases when you are attacked by zombies, and it increases when Life Bonuses and First Aid Kits are picked up or events are successfully completed.

GETTING STARTED
Select Arcade Mode from the Menu Screen and press the A/B/Z Button. The game starts after the opening sequence.

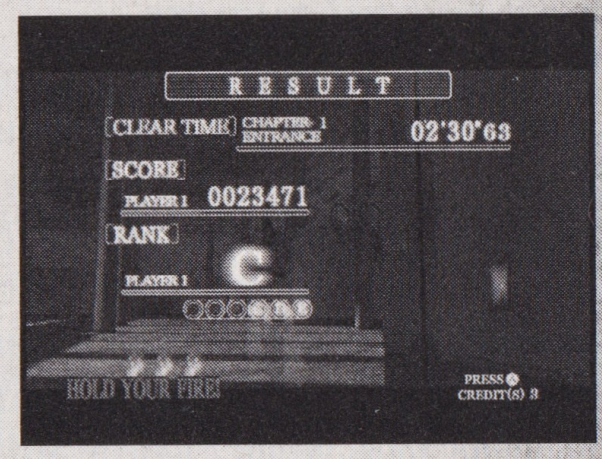
CONTINUE/GAME OVER
When your Life has been spent, the Continue Screen will be displayed. You may continue by pressing the A/B/Z Button before the count reaches zero. But when you run out of Credits, the game is truly over!

THE RESULT SCREEN
Between Chapters a Result Screen is shown, indicating your rank for each Chapter. Life Bonuses are awarded for a high ranking. When all Chapters have been cleared, your overall rank will be shown.

CLEAR TIME . . Time Taken to clear the Chapter.

SCORE . . . . . Total Score.

RANK. . . . . Rank for the Chapter.



HI-SCORE ENTRY
The Name Entry Screen is displayed if your record in Arcade or Time Attack Mode is among the top ten. Enter three letters for your name before the count reaches zero. Select "←" to return to the previous letter. Select **END** to register your name.

Time Attack

In Time Attack Mode, you must get as far as possible within the time allotted. Taking damage from monsters decreases the time remaining, while defeating monsters and successfully completing Teamwork Events increases it. Make the most of time bonuses. And remember, defeating zombies quickly is the key!

TIME ATTACK MODE RULES

- Only one Credit is provided, and there are no Continues.
- This mode is for one player only.
- Initial starting time is 30 seconds.
- Difficulty level is **NORMAL**.

A TIME INCREASE IS AWARDED FOR

- Defeating a zombie.
- Completing a Teamwork Event.
- Obtaining an item (Clock).
- Receiving a "high rank" on the Results Screen at the end of the Chapter.

THE RESULT SCREEN

Between Chapters a Result Screen is shown, indicating your rank for each Chapter. Life Bonuses are awarded for a high ranking. When all Chapters have been cleared, your overall rank will be shown.

TOTAL TIME PLAYED . . Total time played.

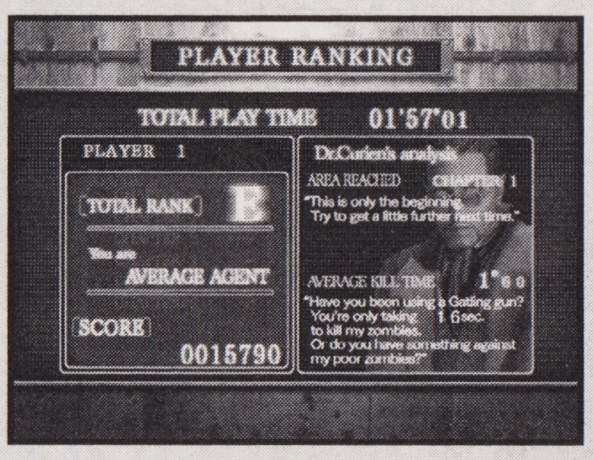
RANK. . . . . Rank for each Chapter.

SCORE . . . . . The final score you have obtained.

TIME LEFT . . . . . Time remaining when the game was completed.

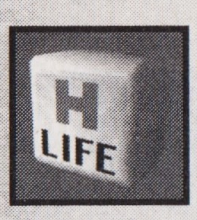
TOTAL RANK. . . . . Final overall rank.

DR. CURIEN'S ANALYSIS Dr. Curien gives you an analysis and comments on your gameplay.



Items

Oil drums and cardboard boxes that appear in the game sometimes contain hidden items. Shoot them one or more times to reveal the item, then shoot again to obtain it.



First Aid Kit
Pick this up to add one Life.

Clock
Increases the time remaining during Time Attack Mode.

Gold Coin
Adds 300 bonus points per coin.

Golden Frog
Adds 1,000 bonus points.

Twisted Coin
Adds 200 bonus points.

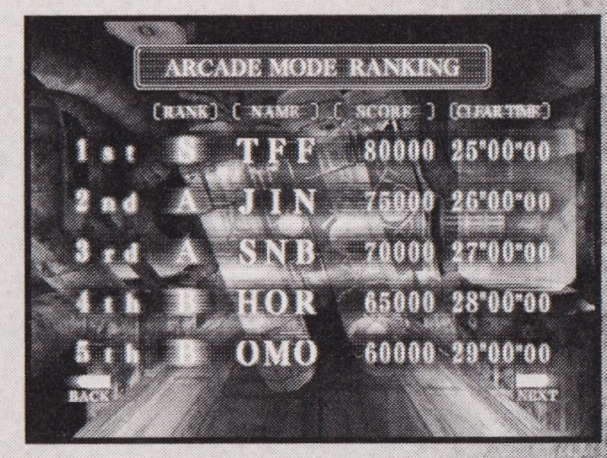
Mini Magician
Adds 2,000 bonus points.

Mecha Zombie
Adds 3,000 bonus points.

Crystal Coin
Earn bonus points, which increase with each consecutive hit. (1 coin = 100 points; up to a maximum of 1,500 points can be obtained with consecutive hits).

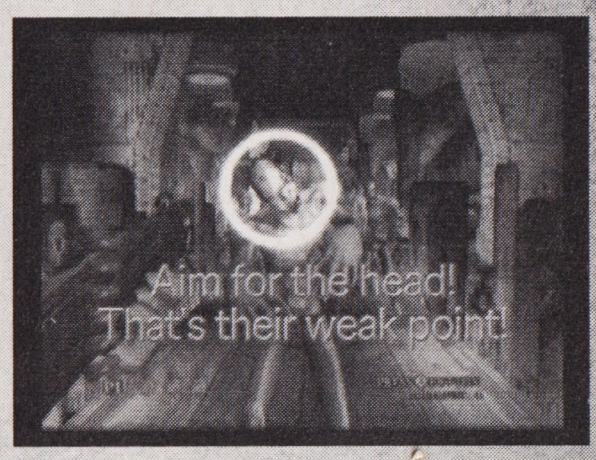
Rankings

Rankings can be accessed from either game. It will show the top ten rankings for Arcade, Original, and Boss Modes (separately for each Boss) in THE HOUSE OF THE DEAD 2, and for Arcade and Time Attack Modes in THE HOUSE OF THE DEAD III. Use the +Control Pad/Control Stick left/right to change pages. Press the 1/–/C Button to return to the Main Menu Screen.



Tutorial Movies

If you play the Arcade Mode of either game for the first time, a Tutorial Movie will be played before the game. If a certain requirement is met, another Tutorial Movie will be played the next time you play the game. These movies can be watched later by selecting **Tutorial Movies** from the Main Menu Screen of either game.



Options

You can change various settings of the game. Use the +Control Pad/Control Stick up/down to select the menu item, and press the A/B/+/Z Button to enter. Use the +Control Pad/Control Stick left/right to change the value of the selected menu item. Select **DEFAULT** to return all settings to their default value. Select **EXIT** to exit to the previous screen with changes.

CALIBRATION
Adjust your aim. Select who will adjust the aim, Player 1 or Player 2. Then follow the direction on p. 6 to adjust your aim.

GAME SETTINGS
Change settings for the current game.

DIFFICULTY . . . .Select a difficulty level for the game.

LIFE . . . . . .Set the initial amount of Life.

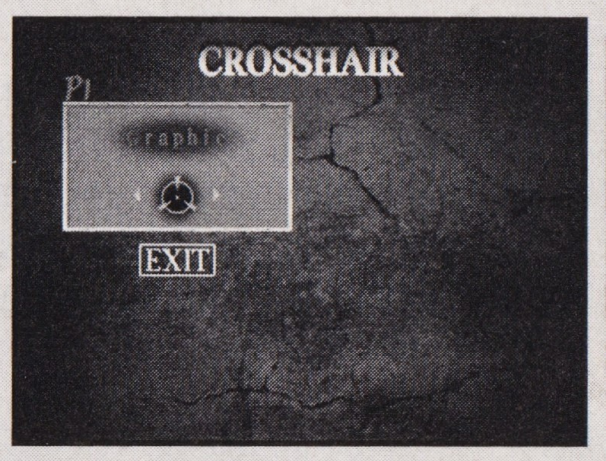
CREDIT(S) . . . . . .Set the number of Credits.

BLOOD COLOR. .Set the color of zombie blood.

VIOLENCE. . . . . .Set the level of violence. (Not available for THE HOUSE OF THE DEAD 2).

✷ If you either clear the game or meet certain requirements, additional difficulty levels (Very Easy and Very Hard) and amount of Life (up to five) and Credits (up to nine) become available.

CROSSHAIR
Each player can change the appearance of the target mark. For added challenge, try selecting **DISABLE** to play without the target mark.



SOUND
Adjust the volume level of the game:

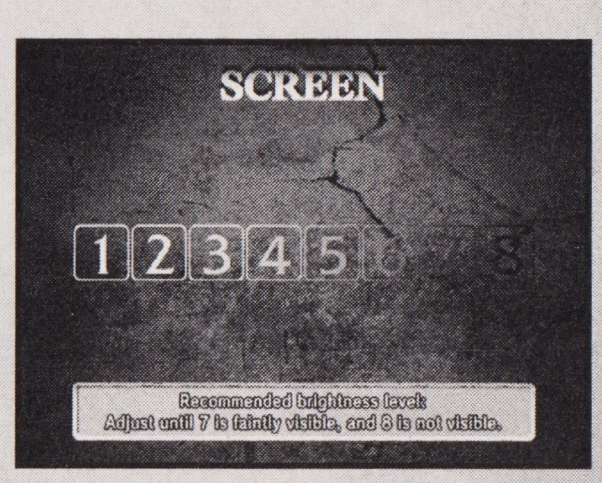
BGM . . . . . .Music volume.

SFX . . . . . .Sound effect volume.

VOICE . . . . . .Voice volume.

✷ The sound setting of the speaker and rumble functionality of Wii Remote are adjusted in the HOME Menu.

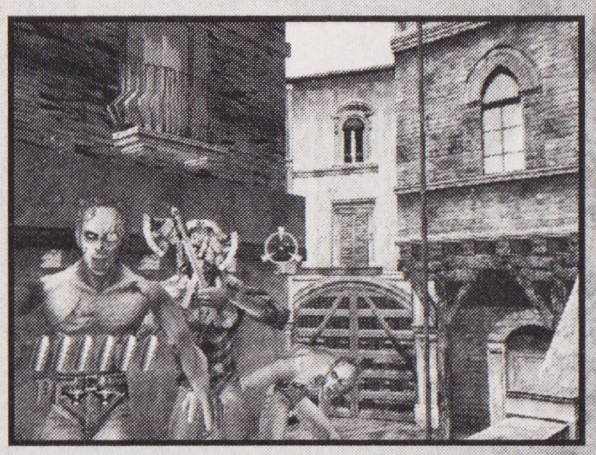
SCREEN
When this is selected, a test pattern will be displayed. Manually adjust the brightness level of your television screen for better performance. Press any button to exit.



Tips for AMS Rookie Agents

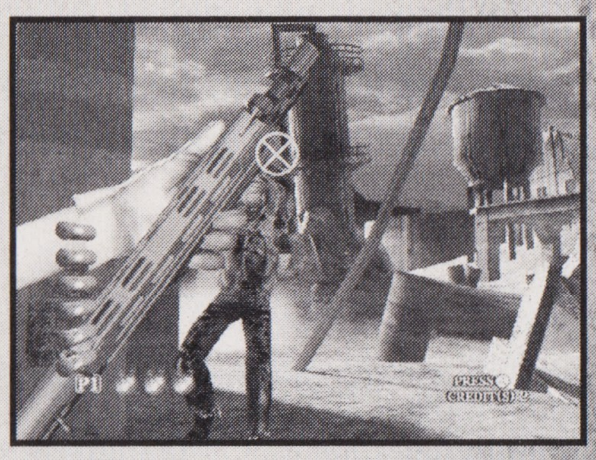
Agent G here. Welcome to AMS. Let me give you some advice, rookie. It's rough out there, but if you keep these points in mind and hone your skills, you might just get through this alive.

1. Strategize who to shoot first
When enemies attack you, don't just blast them randomly. Look at where they're coming from and what they're doing, and decide which enemy to shoot first. Don't forget, shooting at the closest enemy first isn't necessarily the right call.



2. Aim for their weakest point
The weak point of any zombie is its head. Go for a headshot whenever possible. Even the most persistent zombie can't shrug off a bullet between the eyes.

3. Choose carefully when to reload
While reloading, you cannot shoot. Consider how many rounds of ammo you have left and try to determine when you have a window to reload. Keep a cool head and you'll be fine.



Also, if you clear both THE HOUSE OF THE DEAD 2 and THE HOUSE OF THE DEAD III, a brand new mode will become available. What is this new mode? Go and find out! We wish you good luck.

Warranty

WARRANTY: SEGA Europe Limited warrants to the original buyer of this Game (subject to the limitation set out below), that this Game will perform under normal use substantially as described in the accompanying manual for a period of one hundred and eighty (180) days from the date of first purchase. This limited warranty gives you specific rights, and you may also have statutory or other rights under your local jurisdiction which remain unaffected.

WARRANTY LIMITATION: This warranty shall not apply if this Game is used in a business or commercial manner and/or if any defect or fault result from your (or someone acting under your control or authority) fault, negligence, accident, abuse, virus, misuse or modification of the Game after purchase.

WARRANTY CLAIM: If you discover a problem with this Game within the warranty period, you should return the Game together with a copy of the original sales receipt, packaging and accompanying documentation with an explanation of the difficulty you are experiencing either to the retailer from where you bought the game or call the technical support section (details set out in this manual) who will provide you with the relevant details for returns. The retailer or Sega will either repair or replace the Game at their option. Any replacement Game will be warranted for the remainder of the original warranty period or ninety (90) days from receipt of the replacement Game, whichever is longer. If for any reason the Game cannot be repaired or replaced, you will be entitled to receive an amount up to the price you paid for the Game. The foregoing (repair, replacement or the price you paid for the Game) is your exclusive remedy.

LIMITATION: TO THE FULLEST EXTENT ALLOWED BY LAW (BUT SPECIFICALLY NOT LIMITING ANY LIABILITY FOR FRAUD OR DEATH OR PERSONAL INJURY CAUSED BY SEGA'S NEGLIGENCE), NEITHER SEGA, ITS RETAILERS OR SUPPLIERS SHALL BE LIABLE FOR ANY SPECIAL OR INCIDENTAL DAMAGE, DAMAGE TO PROPERTY, LOSS OF PROFITS, LOSS OF DATA OR COMPUTER OR CONSOLE FAILURE, ANTICPATED SAVINGS, BUSINESS OPPORTUNITY OR GOODWILL WHETHER ARISING DIRECTLY OR INDIRECTLY FROM THE POSSESSION, USE OR MALFUNCTION OF THIS GAME EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS.

Unless otherwise noted, the example companies, organisations, products, people and events depicted in the game are fictitious and no association with any real company, organisation, product, person or event is intended or should be inferred.
